

Husqvarna UK Limited is Europe's leading innovator in the design and manufacture of outdoor garden products.

The Husqvarna Group is the world's largest producer of chainsaws, lawnmowers, tractors and trimmers and incorporates the consumer brands, Flymo, Partner and McCulloch. The recent acquisition of Gardena, Europe's leading watering brand further strengthens the Group's portfolio and importance in the garden care market.

The following opportunity now exists within the Moulding Division based in Newton Aycliffe, Co Durham.

Development Technician (Printing)

Reporting to the Tooling & Improvements Manager, your key duties and responsibilities will encompass the following:-

- Introducing new printing artwork, ordering printing plates and setting up printers
- Advising R&D Design Engineers in relation to Tampo printing and hot foil stamping of plastic parts
- Providing technical support to production print setters
- Commissioning new injection moulds

Experience of printing onto plastics (Tampo print) is essential. Experience of injection moulding, ideally Level 1 would be advantageous.

The successful applicant must be able to work on their own initiative, be a team player and have a flexible approach to their work.

To apply please submit a covering letter with a full C.V. and current remuneration details to: **Linda Purdie, HR Officer, Husqvarna UK Limited, Preston Road, Aycliffe Industrial Park, Newton Aycliffe, Co Durham, DL5 6UP, or via e-mail to linda.purdie@husqvarna.co.uk**

Closing Date - Wednesday 15 October 2008
